

Help shape travel across Dorset

# Have your say

## A new joint transport plan

Dorset needs a new transport plan fit for the 21st century. With your feedback and by working together, Dorset and BCP councils can:

- Improve transport across both rural and urban areas
- Ensure all ages and abilities can access services
- Make it easier for people to be more physically active
- Enable more opportunities for affordable, available and accessible public transport
- Help people feel safer on our roads and on public transport
- Reduce congestion and carbon emissions
- Improve digital and real time travel information
